IFRS

International Financial Reporting Standards

Wendy Hambleton will speak on one of the least-understood topics in accounting- International Financial Reporting Standards. As business continues to globalize, IFRS will only become more important.

Wendy Hambleton is the Director of BDO USA's National SEC Practice and heads the firm's IFRS Task Force. Previously she was a partner in the SEC practice and was the Regional Technical Director for the Midwest region.

Ms. Hambleton works extensively with the Firm's clients and engagement teams to prepare SEC filings, communicate with the SEC staff and resolve related accounting and reporting issues. Additionally, she co-authors a number of internal and external publications, including the AICPA's Guide to SEC Reporting.

As the head of the Firm's IFRS Task Force she coordinates with IFRS experts in other Member Firms on international training and technical application of IFRS.

Prior to joining the SEC Department, Ms. Hambleton worked in the Washington, DC office where she specialized in working with both public and private manufacturing and multi-national corporations.

President's Address

Happy New Year to all Members and Friends of the IMA-GMC!

Were you able to meet all of your CPE credits for 2011? Your IMA-GMC is here to help you start the year off right as we will be getting into some heavy lifting as far as accounting topics go, at the January 16, 2012 meeting. Wendy Hambleton of BDO will be presenting an update on IFRS. Wendy is the Director of BDO USA's National SEC Practice and heads the firm's IFRS Task Force. Previously she was a partner in the SEC practice and was the Regional Technical Director for the Midwest region. I invite you to register, get this on your calendar, and attend the meeting at the Radisson Hotel, Mayfair Road in Wauwatosa.

December meeting attendees were treated to a very enthusiastic speaker in Danica Olson Accounting Manager of the Milwaukee Bucks. We had promised that she would enlighten the attendees, and there is no doubt that she did. In addition, members and guests contributed food to The Hunger Task Force and cash contributions to Goodwill Industries NCW. The December corporate sponsor was Superior Support Resources, Inc., with Peter Rathmann presenting. What a great night, thank you all for your contributions.

The month of February has a couple of very interesting education opportunities as well. The first is Bill King of Centurion Data Systems presenting Decision Support Systems. This will be at the Radisson Hotel on Mayfair Road in Wauwatosa on February 10.

The speaker for our February meeting is Paul Jadin – CEO of the Wisconsin Economic Development Corporation. Paul was appointed by Governor Scott Walker as Secretary of the Department of Commerce on December 30, 2010, to accomplish the transition to the public-private Wisconsin Economic Development Corporation. He began to serve as its CEO on the establishment of the corporation on July 1, 2011. Corporate Sponsor for the February meeting is BRIGHTSTAR PARTNERS, INC.

The Mid-America Council is hosting its Leadership Training Session (LTS) on Friday, April 20, 2012 at the Northern Illinois Outreach Center in Rockford, IL. According to Bruce Hamilton, MAC President-Elect, this year's LTS has "A very impressive array of speakers will help you build and refine your skills in interpersonal communica-

President's Address, continued

tions, team building & succession planning. Breakout sessions will be offered for both new and returning chapter officers & directors, and the day will conclude with a presentation by Dr. William Miller, CPA, winner of the 2011 Carl Menconi Ethics Case Competition." Questions please contact Bruce at hamiltoncpa@sbcglobal.net.

Begin the New Year on the right path, schedule time for your education and networking beginning in January. I am looking forward to seeing you January 16th, at the Radisson on Mayfair Road with an update on IFRS from Wendy Hambleton.

IMA Learning Center Webinars

As a valued IMA member you are invited to attend this month's Learning Center Webinars— don't miss them!

Automating Financial Reporting & Disclosure Management

Date: January 18th, 12:00pm CST

Price: FREE

CPE Credit: 1 CPE Credit

Field of Study: Accounting

Research Area of Practice: Finance, Government, Risk & Compliance

Program Level: Basic

Program Prerequisites: None

Advance Preparation: None

Instructional Method: Group-Internet

Description: New disclosure requirements and e-reporting mandates here in the U.S. and around the globe are causing many organizations to struggle to comply with new disclosure requirements. Today, Finance & Accounting organizations over-rely on hundreds of spreadsheets and risky manual processes to collect data, prepare/edit and certify critical financial & statutory reports.

We will discuss how new purpose-built disclosure management solutions can automate each step in the financial reporting and statutory reporting process (including integrated XBRL tagging), ensuring timely and accurate financial and statutory reports.

Learning Objectives: Upon completing this webinar, you will be able to:

CHAPTER MANUSCRIPT COMPETITION

The Greater Milwaukee Chapter is reintroducing the chapter manuscript competition. We are soliciting manuscripts for submittal to Strategic Finance Magazine. In order to enter the chapter competition, you must submit a copy of your manuscript to the Director of Manuscripts, Mary Strautmman, at mstrautmman@wi.rr.com in addition to submitting the manuscript to Strategic Finance. The chapter is awarding a \$250 prize for the best manuscript (as determined by a team of reviewers from the chapter). All manuscripts submitted to the chapter by March 15 will be considered for this year's competition. Below are the guidelines as published on the IMA Global website:

Strategic Finance and *Management Accounting Quarterly* publish only original material that contributes to the accounting and financial management profession.

We recommend that you study several issues of our magazines before you write and submit your manuscript. The best advice is to write only about the topics you know best and with which you've had experience.

To query about potential articles or article topics, contact Kathy Williams at kwilliams@imanet.org. For any questions about submitting a manuscript or any of the information below, contact Christopher Dowsett at cdowsett@imanet.org.

SUBMITTING YOUR MANUSCRIPT

Manuscripts should be submitted via e-mail to cdowsett@imanet.org. Include the manuscript as an attachment to your message.

Format. Files should be in Word format. We can also take TXT or RTF files. **Do not send PDF files**—staff must be able to make and save changes to the document in order to prepare it for review. **Do not put an author's name on anything within the manuscript file.** All manuscripts are reviewed "blind." Using the author's name within the manuscript itself will cause delays in the review process. If it must be used within the context of the article, black out the name. The editorial staff and reviewers will understand it is referring to the author. Names may also be used in citations and other references if there is no indication that the person listed is also the author.

Submission Form. You will also need to submit a completed [submission form](#).

If you have a full version of Adobe Acrobat, you can save the completed form and include it as a separate attachment when

IMA Learning Center Webinars

Continued from page 4

1. Understand the benefits/value of automating error-prone, manual financial reporting processes
2. Summarize the XBRL filing requirements for all SEC filers depending on their accelerated-filer status
3. Identify how automating financial reporting can reduce risk of material errors in reports, enhance ICFR and provide new levels of audit trail reporting not available using spreadsheets and email

Essential Team Skills

Date: January 19th

Price: FREE

CPE Credit: 1.5 CPE Credits

Field of Study: Personal Development

Research Area of Practice: Business Performance Management

Program Level: Basic/Intermediate

Program Prerequisites: None

Advance Preparation: Download your Participant Guide

Instructional Method: Group-Internet

Description: Team building is an extremely important part of organizational leadership and critical to both an individual's and organization's success. Through the use of teams we: increase effectiveness, efficiency and productivity, improve the quality of decisions, plans, and solutions to problems, develop greater creativity at higher levels of thinking, develop people to their maximum potential, compete more successfully, and we don't just survive...we thrive.

Learning Objectives: Upon completing this webinar, you will be able to:

1. Define a team and how a team differs from other kinds of groups.
2. Identify characteristics of the ideal team.
3. List benefits of team building for the individual and the organization.
4. Identify underlying principles that contribute to effective team building.
5. Describe how the characteristics of collaboration facilitate team building.

COSO's Revised Internal Control Framework - An Opportunity for Management Accountants to Step Up

Date: February 9th, 12:00pm CST

Price: FREE

CPE Credit: 1 CPE Credit

Field of Study: Management Advisory Services

Research Area of Practice: Finance Governance, Risk & Compliance

Program Level: Intermediate

Program Prerequisites: None

Advance Preparation: None

Instructional Method: Group-Internet

Description: The Committee of Sponsoring Organization of the Treadway Commission (COSO) has issued a public release of an internal control framework originally developed in 1992. It is important for IMA members to find out how they can provide input to COSO for this release to ensure that a final framework, scheduled to be released late in 2012, will be practical for management accountants and organizations to drive business performance while protecting investors and other stakeholders.

Our guest speakers, Jeff Thomson, Sandy Richtermeyer, and Steve McNally will provide an overview of how the framework leverages the core elements of the time-tested 1992 framework while providing significant enhancements to enable effective and efficient use of the framework in strengthening internal controls throughout the organization. Highlights of major changes will be discussed during the webinar session.

Internal controls and risk management are critical core competencies for all management accountants and are extensively tested on the prestigious CMA exam. At the organizational level, the framework will help ensure a sustainable and effective process of internal controls over financial reporting, operations and compliance to strengthen organizational capabilities and protect investors.

Learning Objectives: Upon completing this webinar, you will be able to:

1. Describe the value of an internal control framework like COSO as a key business process in achieving the strategic goals of the organization
2. Compare COSO's original framework, developed in 1992, to the current proposed guidance
3. Explain the applicability of the revised framework to organizations of varying legal structures and sizes
4. Incent all IMA members around the world to "step up" and comment on the COSO internal controls refresh exposure draft

CHAPTER MANUSCRIPT COMPETITION

Continued from page 4

sending your manuscript. If you only have Acrobat Reader, you will need to print out the form and fax (201-474-1603) or mail it to Strategic Finance, 10 Paragon Dr., Montvale, NJ 07645.

Manuscripts must be accompanied by a submission form, so please submit both the manuscript and submission form at the same time. When submitting the manuscript via e-mail, please note in your message how and when the submission form has been sent. Manuscripts will not be processed without a form.

The criteria for acceptable manuscripts are:

1. IMA is given exclusive publication rights.
2. The manuscript must not have been previously published and is not available to other publishers.
3. It must be submitted in English and in completed form for publication.
4. The manuscript must not be a poem, outline, abstract, thesis, school term/research paper, unedited speech, or previously accepted manuscript.
5. The content of the manuscript must be timely.

Length of Manuscript. Most manuscripts we publish are approximately 10-15 typewritten double-spaced pages. Ideal length is about 2,500 to 3,000 words for *Strategic Finance*. Manuscripts for *Management Accounting Quarterly* may be longer.

Tables and Figures. Your manuscript will be strengthened if you can illustrate your points. Graphic illustrations should be kept simple and in proportion to the manuscript's length. Make a specific reference in the text to each table or figure in your manuscript, and put each table or figure on a separate sheet of paper. ***If you use a table or figure from another publication, you must have obtained written permission to use it. Include a copy of the permission when submitting the manuscript.***

IMA-GMC Members Are Invited to Consider a Special Volunteer Opportunity

Make A Difference – Wisconsin is a non-profit organization with a mission to provide financial literacy programs and resources that empower students to make sound financial decisions. Our vision is to build strong communities where students and their families make informed financial decisions and take control of their financial future.

Make A Difference engages volunteers from the local business and professional community in the delivery of financial education. Make A Difference has developed a 5-hour (6-lesson) financial literacy program that is targeted for 11th and 12th grade students in Milwaukee-area high schools.

Studies show that America's teens graduate from high school without solid financial management skills. The lure of credit card offers and check-cashing stores, combined with a lack of money management education, sets many up for financial crises that can last a lifetime. Make A Difference is working to change that.

Make A Difference volunteers are delivering the program in 60 Milwaukee area high schools this year, including most MPS high schools, several Milwaukee Choice and Charter schools, and a growing number of suburban high schools. Volunteers from more than 200 businesses and organizations are involved, but more volunteers are needed.

How can you *make a difference*?

Volunteer! You are welcome to volunteer on your own or with a partner. Once you sign on as a volunteer instructor, you will be provided with training (in person, online, or via DVD). Financial expertise is not required; the lesson plans, curriculum, course materials and training will be provided to all volunteer instructors. The training will include an overview of the financial literacy curriculum, information from Make A Difference staff and experienced volunteers on how to engage students, and what to expect in the classroom. You will receive all the materials needed to be successful, including a CD with the curriculum materials, written instructor notes, and handouts for the students.

The Make A Difference curriculum consists of three seminars generally delivered over the course of 3 - 6 classroom periods. Each period allows for 45 - 90 minutes of instruction. Scheduling is flexible. Based on your availability and scheduling preferences, you will be matched to a specific high school classroom and Make A Difference will provide you with a presentation schedule or connect you with the classroom teacher to schedule instruction days that are most convenient for you.

How do you sign up?

It's quick and easy to sign up online from the Make A Difference - WI website at makeadifferencewisconsin.org
